ICT FOR MIGRANTS KA210-YOU

OUR ICT FOR MIGRANTS WEBSITE IS NOW LIVE!

We are excited to announce that the official website of the ICT FOR MIGRANTS project is now online!

You can visit <https://ictmigrants.eu/> to access up-to-date information about the project, event announcements, and digital skills development resources for migrants. Through this platform, we aim to support migrants in enhancing their knowledge and skills in information technologies. By exploring our website, you can learn more about the project, stay informed about the latest news, and follow our progress.

Stay tuned for more updates!

LEARNING TEACHING TRAINING ACTIVITY (LTTA) IN ZARAGOZA

The ICT FOR MIGRANTS project's Learning Activity has started in Zaragoza as part of the Erasmus+ KA2 program.

The meeting included project and program introductions, as well as presentations from participating organizations. EU Human Act shared the "Introduction" section of its handbook with project partners.

Additionally, KEPDER led discussions on the challenges young migrants face in accessing digital technologies, while Egestionpyme presented tools and resources in this field. We continue our efforts to improve migrants' access to digital technologies.

Stay tuned for details and updates. We will continue to share exciting developments with you.
